

The Alsa Corporation

The World's Most Exotic Finishes

## TECHNICAL DATA SHEET

### **SPEED CLEAR** **KCSC1230 / KCKCSC1230**

<b>ALSA CODE</b>	<b>GPI CODE</b>	<b>DESCRIPTION</b>	<b>SIZE</b>
SC-1230	KCSC1230	ALSA 2K Speed Urethane Clearcoat	Quart / Gallon
KC-SC1230	KCKCSC1230	Killercan: 2K Speed Clear	400ml Aerosol
H-222	KCH222	ALSA Hardener	Half Pint / Quart

#### **PRODUCT DESCRIPTION**

Speed Clear is now also available in ALSA's revolutionary new KILLER CANS! KILLER CANS have five times the pressure of traditional aerosol spray cans and feature a special nozzle that sprays like an HVLP gun. Each can comes complete with pre-measured urethane resin and hardener. Just remove the plunger from the can lid, place over the nipple on the bottom of the can and press firmly to release the hardener into the resin. Shake for two minutes and you're ready to spray professional grade two-component urethane with the pressure atomization and spray fan of a real automotive spray gun! Try KILLER CANS and find out why they're creating such a stir!

#### **MIXING RATIO (4:1)**

Mixing Ratio (4:1)

Mix 4 Parts KCSC1230 to 1 Part (KCH222)

**\*\*NOTE:** Mixing Ratio only refers to conventional range, Killercans do not apply.

#### **APPLICATION**

Apply 2 - 3 wet coats at 25 PSI allowing 10 - 15 minute flash between coats. Keep spraygun 6 - 10 inches away from the substrate to avoid problems associated with air entrapment.

#### **Dry Times at 77° F**

Dust Free in 20 Minutes

Tack Free in 30 minutes

#### **Force Drying**

Flash Time @ 77° F      20 Minutes.

Bake Time @ 140° F      45 Minutes

Allow 1 - 2 hours before wet sanding and buffing.
